Proudly announce the opening of the 9th Annual

# Heart Gallery of Hidalgo County

The purpose of the **HEART GALLERY OF HIDALGO COUNTY** is to promote awareness, understanding, and **ADOPTION** of children in the foster care program. The Heart Gallery accomplishes this by coordinating a traveling photographic exhibit designed to increase the number of adoptive families for children needing homes in our South Texas community. This year, the Heart Gallery exhibit will include twenty-three portraits of children and/or sibling groups currently available for adoption in the South Texas area.
